Good morning Coach **Head Coach Last Name** & Coach **Assistant Coach Last Name**, (include head coach & assistant coaches on all communications)

My name is **Your First & Last Name**, and I am currently a **Sophomore** at **Whatcom** High School in Washington State. I am interested in attending **College Name** and playing soccer for your program. Congratulations on all your success on the soccer field and in the classroom. (Share something specific about the school or soccer program that informs the coach that you have researched the school and soccer program.)

(Short personal statement about you as a player, anything that sets you apart, & include your position) I am a versatile hard working teammate. I have experience playing in multiple positions, but I predominantly play **holding midfield**. My coaches and teammates would say that I lead by example on and off the field with my determination, positive attitude and team first attitude. I can play with either foot and look forward to individual battles on the field. I enjoy midfield because it allows me to contribute to the attack and the defense. **List any playing awards.**

I would like to invite you to watch me play in **Event Name & Location** to see what role I could fill for your program. I play for **Insert club coach's name**. My jersey number is **10**.

(Other sports/activities/accolades? List those here) I am also an avid basketball player, earning 1st team all Conference honors and a track athlete who competes in the 400m (59.6) and 800m (2:20).
